

## **ID LOGISTICS ITALY: OPENING OF A NEW COUNTRY WITH GREAT POTENTIAL**

Orgon, 7 June 2022 – In order to support the development of one of its major customers, an international player in e-commerce, ID Logistics is setting up operations for the first time in Italy, opening a logistics platform in Casei Gerola, between Milan and Genoa. This new subsidiary completes ID Logistics' coverage of continental Europe, offering a global solution to all its major international customers.

### **WITH THE OPENING OF ITALY, ID LOGISTICS OFFERS ITS CUSTOMERS A LARGE COVERAGE OF CONTINENTAL EUROPE.**

The entry into the Italian market is in alignment with the company's strategy, whose objective is to become a global and flexible partner at the service of key accounts on the European market. ID Logistics is now anchored in one of the leading contract logistics markets in continental Europe and covers more than 80% of this market. With the establishment of a dedicated team, ID Logistics aims for rapid development in the Italian peninsula.

*"This new geographical location is a success for ID Logistics and demonstrates our ability to support our major customers in their development throughout Europe. It also provides a solid foundation for our continued growth in a high-potential market. Italy is now the 18th country we operate in today. Our desire is to quickly become a key player in the country."* - Eric Hémar, President of ID Logistics

### **CASEI GIROLA, A SITE WITH STRONG ENVIRONMENTAL-FOCUSED QUALITIES**

The new site, in operation since June 1st, 2022, manages non-sortable products on behalf of an international e-commerce player. The technologies implemented integrate all the processes developed by ID Logistics for this customer for which the company is now running operations in 6 different countries.

Strategically located near the A7 (Milan/Genoa) and A21 (Turin/Brescia) motorways, ID Logistics' new site is directly connected to the main capitals of north-west Italy. With a surface area of 62,900 m<sup>2</sup> and a capacity of 54,000 m<sup>3</sup>, it can receive up to 55,000 units/ day and ship up to 60,000 units, serving more than 80 different destinations.

The site operates with 350 daily employees and will ramp up to 500 employees during peak periods.

The facility itself is certified LEED Platinum (Leadership in Energy and Environmental Design), one of the most demanding certifications in terms of reducing negative environmental impact. The building is equipped with solar panels and green walls which promote biodiversity and limit the warming of the building and offset the CO<sub>2</sub> emissions generated by the facility. It also features a water recycling system and LED lighting, which offers significant energy savings. Waste is minimized via processes in a specific sorting area.

## **AGILITY AND QUALITY OF SERVICE: THE KEYS TO ID LOGISTICS SUCCESS**

ID Logistics' strong experience in the e-commerce sector and the involvement of its teams were the main factors in the success of this operation. In less than 3 months and thanks to a close collaboration with its client, the company's teams were able to carry out all the stages of the project at the same time: from the search for the ideal location to the modeling of the technical solution, all associated with an ambitious operational requirement.

### **ABOUT ID LOGISTICS**

*ID Logistics, led by Eric Hémar, is an international contract logistics group, with a turnover of €1,911 million in 2021. ID Logistics manages 360 sites in 18 countries representing nearly 8 million m<sup>2</sup> operated in Europe, America, Asia and Africa, with 28,000 employees. With a balanced customer portfolio between distribution, industry, healthcare and e-commerce, ID Logistics is characterized by offers involving a high level of technology. Developing, through multiple original projects, a social and environmental approach since its creation in 2001, the Group is now resolutely committed to an ambitious CSR policy. The ID Logistics share is listed on the regulated market of Euronext in Paris, compartment A (ISIN code: FR0010929125, Mnem: IDL).*
