

New ID Logistics platform opens for Action in Moissy-Cramayel, creating around 600 jobs between now and the end of 2017

Cavaillon, 15 October 2015 - ID Logistics today announced the opening of a **70,000 m² warehouse in Moissy-Cramayel**, Seine-et-Marne for the **Action** group. This initial French platform will allow the Dutch non-food discount retailer to carry out its ambitious expansion plans in France.

The site - a BREEAM Good-certified warehouse - is located on former PSA land redeveloped by Prologis. The first eight units will be completed in early 2016 and the last four in summer 2017.

ID Logistics will accompany Action in its expansion in France, providing:

- Its **IT integration expertise** and knowledge of warehouse management solutions, in particular SAP's Warehouse Management System (WMS).
- Its **ability to implement an optimised logistics process** that can be fully integrated into the Action group's global supply chain.
- Its **ability to train and develop staff** to support the integration of new stores. The platform will have around 100 employees when it opens in February 2016, then 250 at the end of 2016 and around 600 at the end of 2017. ID Logistics will train all of its staff in roles such as preparation, inventory taking, loading, fork lift truck operation, audit, team leadership and heads of department.

This opening consolidates ID Logistics' positioning as a key player in creating jobs in the south-east of the Paris region. With around 20 logistics sites in Brie-Comte Robert, Châtre-en-Brie, Vert-Saint-Denis, Moissy-Cramayel, Lieusaint, Evry, Saint Fargeaux-Ponthierry, Plessis Pâté and Brétigny, in addition to the new site in Moissy-Cramayel, ID Logistics will have around 2,000 permanent employees in the region, thereby confirming its central role in specialist logistics in France.

In the presence of **Line Magne** - Mayor of Moissy-Cramayel, **François Risper** - CEO of Prologis, **Vincent Bröring** - Supply Chain Director at Action, **Eric Hémar** - CEO of ID Logistics commented: *"As announced in July, we are proud to be able to support the Action group in its expansion in the French market via the opening of this new logistics platform in the Paris region, which will benefit from our expertise and cutting-edge technologies. Our business sector has confirmed its major role in creating jobs, with around 600 jobs to be created between now and the end of 2017.
