

## /// PRESS RELEASE

### ID LOGISTICS MANAGES THREE NEW SITES FOR AUCHAN IN ZARAGOZA (SPAIN)

**Orgon, May 11th, 2021 - During the first quarter of 2021, ID Logistics has taken over the logistics operations of three new warehouses located in the Zaragoza region for the retail chain Auchan. Through this partnership, ID Logistics is expanding its network in Spain and strengthening its expertise in the retail and consumer goods sector.**

With a total of 37,000 square meters these three platforms, exclusively dedicated to Auchan's business, are intended for cold, frozen and consumer products (dry products), respectively. ID Logistics provides storage, handling and order preparation operations.

*"We are very proud of the trust placed in us by the Auchan Group by choosing us as its logistics partner in Zaragoza. ID Logistics is truly committed to the process of improving and transforming the supply chain desired by this customer. In addition, this partnership also allows us to strengthen ourselves in the Zaragoza region which is becoming a real strategic distribution hub in southern Europe" - Javier Echenique, General Director of ID Logistics Iberia.*

#### ID LOGISTICS IBERIA: SUCCESSFUL ACQUISITION AND CONTINUOUS GROWTH

Established in Spain since 2006, ID Logistics operates in the retail and fast moving consumer goods sector (FMCG), high-tech, cosmetics and e-commerce with many prestigious references such as Delongui, MediaMarkt, Mylan, Nestlé, Mahou, Puig or Cortefiel.

In addition, with a long-standing track record, ID Logistics Iberia has established itself as the leader in healthcare/pharma logistics providers on the Iberian Peninsula by accompanying clients such as Pfizer, Sanofi or GSK, offering them tailor made solutions, a unique, sustainable and innovative support.

The company operates 62 sites, representing more than 1,15 million square meters and employs more than 4,000 employees. It is one of the leaders in contract logistics on the peninsula.

To continue its growth, ID Logistics Iberia is implementing a strategy geared towards the development of its CSR approach (Corporate social responsibility) and the acceleration of its innovation policy (Artificial Intelligence, Data Analysis, Internet of objects, mechanization...) which allows it to establish itself as a true reference in terms of robotics and digitalization.
