ID LOGISTICS STRENGTHENS ITS PRESENCE IN THE HEALTHCARE SECTOR WITH A NEW BUSINESS UNIT

- This initiative reaffirms its commitment to the sector and strengthens its value proposition in this market.
- The creation of this unit aims to drive quality, customer focus, operational excellence and technological innovation. It will be led by Cristina Fernández. Izaskun Barquín will take on her new role as head of the Contract Management division.

ID Logistics, a leading contract logistics company, announces the creation of its new business unit dedicated to the healthcare sector, with the aim of consolidating its position in this market through specialization and innovation.

The pillars of this value proposition include a top-tier client portfolio, strong operational capabilities, a quality system certified according to GDP and GMP, and a distribution network adapted to each service requirement, offering integrated solutions for Spain and Portugal.

In line with the group's global strategy, this Business Unit will drive a technological and operational transformation by promoting automation and the use of artificial intelligence.

The creation of this new unit reinforces ID Logistics' commitment to innovation, proximity, and customer orientation. As part of its activation plan, a program will be launched to strengthen strategic partnerships with its clients and institutional relationships.

DRIVING LEADERSHIP THROUGH INTERNAL TALENT

At the head of this new unit will be Cristina Fernández, previously Director of the Contract Management division at ID Logistics Iberia. With more than a decade of experience in the company, Cristina has led teams and strategic projects in the sector. She brings extensive expertise that she will apply to this initiative to consolidate ID Logistics' presence in the Healthcare sector and strengthen collaboration with clients through customized, high value-added logistics solutions.

Meanwhile, Izaskun Barquín will step into the role of Director of Contract Management, reinforcing the organization's commitment to operational excellence and strategic customer management in the region. With more than 20 years of experience in major companies in the sector, Izaskun has led global teams in business development, key account management and international expansion, contributing a global and cross-sector perspective that will support the implementation of locally focused, customer-centric strategies.

She will leverage best practices acquired throughout her international career to transform customer vision into concrete, agile and innovative actions. Her profile combines strong

commercial insight with deep specialization in various areas including Consumer & Retail, Fashion, FMCG, Fragrance & Cosmetics, e-Commerce and Healthcare. In this position, she will lead the Contract Management strategy for more than 50 key accounts in Spain and Portugal, with the aim of maximizing customer satisfaction, ensuring contractual compliance, optimizing operational efficiency in logistics services, and strengthening cross-functional collaboration between operational and commercial teams in Iberia.

"The creation of this Business Unit is a clear commitment to the healthcare sector and a great opportunity to continue delivering value to our clients through innovation and close collaboration. Our goal is to support our healthcare customers in the evolution of their business with flexible, sustainable logistics solutions tailored to their needs", said Jérôme Jacek, Managing Director of ID Logistics Iberia.

ABOUT ID LOGISTICS:

ID Logistics, headed by Eric Hémar, is an international contract logistics group with revenues of €3.3 billion in 2024. ID Logistics manages nearly 450 sites in 18 countries, representing more than 9 million m² operated in Europe, America, Asia and Africa, with 42,000 employees.

With a customer portfolio balanced between distribution, e-commerce and consumer goods, ID Logistics is characterized by offers involving a high level of technology. Since its creation in 2001, the Group has developed a social and environmental approach through a number of original projects and is now firmly committed to an ambitious CSR policy. ID Logistics shares are listed on the Euronext regulated market in Paris and are included in the SBF 120 index (ISIN code: FR0010929125, Mnemo: IDL).
