Azambuja (Portugal), May 2019. ID Logistics, international leader in contract logistics, has renewed its quality GMP-GDP certifications in pharmaceutical logistics in Portugal.

The company holds a strong commitment with differentiation in terms of quality, specially in the Iberian pharmaceutical sector.

ID Logistics represents an important market share in Portugal, where the company operates mainly in a 20.000 sq. m. platform located in Azambuja, near Lisboa. This is one of the most modern, mechanized and automated platforms in the whole sector. It integrates a multi-shuttel system, with a high efficiency picking station and a *pick-to-light* of 4 positions that supplies a *pick-and-pack*, and results in a sorter, which is segmented by final destination. More than 200 professionals are employed in this platform.

ID Logistics Portugal has a complete distribution network for Pharma channel, with a coverage of more than 6.000 delivery points including wholesalers, hospitals, pharmacies and other centres.

Hugo Oliveira, Business Unit director of ID Logistics Portugal, affirms: *“The renewal of our quality certifications in Pharma is really important for ID Logistics. It means much more than just complying with legal requirements. It also reinforces our position of quality leaders in a strategic sector for ID Logistics, where we offer our clients a global service in Logistics and transport”.*
